

Essence of Morocco ® 100% Natural Authentic Traditional Hammam Range

The UK exclusive wholesaler of authentic, traditional and premium quality natural Moroccan Hammam products

Essence of Morocco ® 100% Natural Authentic Traditional Hammam Range comprises all the quintessential products needed to enable your customers to experience the Authentic Moroccan Hammam Experience. All the products are premium quality and 100% Natural and are available in wholesale/trade bulk sizes and boutique/retail sizes.

The Moroccan Hammam Experience is more than a traditional bathing and exfoliating ritual/protocol. It is a truly relaxing, cleansing and pampering experience for all the senses.

Essence of Morocco ® Moroccan Hammam Range includes:

- **Essence of Morocco ® Moroccan Beldi Exfoliating Soap**, Plain or with Eucalyptus Essential Oil, to prepare the skin for deep exfoliation. Beldi soap has been traditionally made over many centuries using natural ingredients, the main ingredient being olive oil.
- **Essence of Morocco ® Moroccan Exfoliating Kessa Glove** to exfoliate the skin by removing dead skin cells, toxins and impurities. Blood circulation is stimulated, bringing more oxygen and nutrients to the skin. Kessa Gloves can be personalised with company logos.
- **Essence of Morocco ® Rhassoul Clay Powder**, a natural detoxing, cleansing clay full of minerals, perfect for cleansing both skin and hair. Its high mineral content helps draw out impurities and excess oils. It also absorbs excess sebum, purifies, detoxifies and tightens skin.

Rhassoul Clay is ideal for dry, flaky skin conditions as well as for removing surface oil and oil from inside and around blackheads. It is 100% free from chemicals and irritants, therefore very kind to all skin types. It cleanses without stripping the skin of its natural protective layers. It is also a great, effective, natural alternative to Shampoo.

- **Essence of Morocco ® Rhassoul Clay Mask** enriched with Shea Butter and Essential Oils: It is a convenient, ready to use paste that combines all the benefits of Rhassoul Clay and Shea butter. Its unique and potent formula makes it ideal as a cleanser and mask for face, body and hair

• **Essence of Morocco ® Nourishing Organic Argan Oil**, complete the Hammam treatment with the Nourishing Organic Argan Oil to nourish, hydrate and rejuvenate the skin. It is one of the healthiest, anti-ageing and nourishing natural skincare product as it is rich in Vitamin E, Omega 3, 6 and 9 and squalene (a natural moisturiser). Our Argan oil is extracted from the finest quality

raw kernels of the Moroccan Argan tree, to ensure maximum effect on skin and hair.

Essence of Morocco Ltd tailors its offers to trade, salons and spas, beauty professionals and fine food specialists.
